2013 Arizona Department of Housing Annual Report

The Arizona Department of Housing provides programs and critical resources to the most vulnerable populations of the state while serving as the driver for economic development and leveraging private capital. Whether it is through our work to provide safe and affordable housing, assistance to help aid our homeless and special needs populations, or our ongoing efforts to prevent Arizonans from losing their homes, we are committed to finding responsible and reasonable solutions to address the housing needs of our state.

As a state agency, it is our ongoing responsibility to help keep Arizona state government open, transparent, and accountable. In keeping with these goals, our annual report provides a comprehensive look at how exactly our federal tax dollars are flowing back to the state and being put to work.

On January 13, 2014, we released our Fiscal Year 2013 Annual Report highlighting this past year's outstanding efforts and activities from the Arizona Department of Housing (ADOH), the Arizona Housing Finance Authority (AzHFA), and the Arizona Home Foreclosure Prevention Funding Corporation (AHFPFC).

In FY2013, ADOH, AzHFA, and AHFPFC made combined commitments of over \$164 million in assistance available to support housing, community development activities, and foreclosure prevention initiatives throughout the state. Additionally through the federally funded Save Our Home AZ program, over 1,230 families were able to avoid foreclosure. Together, all our resources were able to assist over 95,000 Arizona households in every county. From our Community Development and Revitalization Division to our Compliance Department, we are very proud of all the work we are doing around the state. Our annual report not only promotes our key projects and programs, but it has also been a successful communications and marketing tool to share with legislators and other key policymakers. Adhering to the state's legislative requirement, we keep the publication entirely electronic. This allows us to reach a larger audience without a fiscal impact.

This year's annual report cover page features Native American Connections' Encanto Pointe. This 54 unit apartment complex was an easy choice for the cover. Encanto Pointe is Arizona's first ever "Housing First" community for residents that are chronically homeless.

A significant amount of time and research went into this project. Similar communities in Seattle and Salt Lake City were visited prior to the groundbreaking of Encanto Pointe and this is just part of a larger regional effort to complete 1000 units of permanent supportive housing for the chronically homeless.

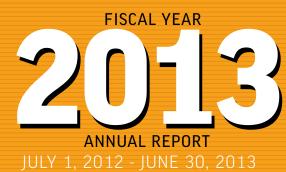

Supportive services for the project are provided by Valley of the Sun United Way. The supportive services include medical and behavioral health care and job placement, among other services, which enable residents to maintain their housing and move toward independence.

To obtain an apartment, applicants must get a Section 8 voucher from the City of Phoenix. They also must show a history of medical or mental-health issues. While there is a preference for veterans at Encanto Pointe, anyone who is homeless can apply.

Developed in partnership with the NRP Group, Encanto Pointe is a \$10.5 million project funded through a combination of City of Phoenix bond funds, private financing, Veterans Affairs Supportive Housing vouchers, and federal Low-Income Housing Tax Credits awarded by the Arizona Department of Housing.

It is our pleasure to share with you our Fiscal Year 2013 Annual Report, highlighting all our programs, projects, and achievements.

Encanto Pointe, located in Phoenix,

is the latest housing project from Native American Connections. This 54 unit apartment complex is one of the state's first ever "Housing First" communities for residents that are chronically homeless.

The "Housing First" concept places individuals into a stable environment which includes access to social and medical services. Rather than gradually working their way through various shelters or temporary housing facilities, "Housing First" individuals go immediately into permanent housing, regardless of their current circumstances. This approach is based on the belief that an individual is more likely to succeed by removing the instability that comes with being homeless.

AzHFA

EXECUTIVE SUMMARY	1
FISCAL YEAR 2013 IN SUMMARY	2
RENTAL PROGRAMS	3-5
HOMEOWNERSHIP PROGRAMS	6-7
HOMELESS AND SPECIAL NEEDS PROGRAMS	8
OTHER HOUSING ACTIVITIES	9
COMMUNITY DEVELOPMENT	10
COMMITMENT CHART AND OTHER INFORMATION	11-20

The economic downturn and recovery have presented our state and the housing industry with unprecedented challenges. Fortunately today, home values are rising, foreclosures are back to normal levels, our distressed inventory has decreased, and permitting is picking up which means more jobs.

In FY2013, the Arizona Department of Housing through its programs provided over \$164 million in housing and community revitalization assistance to Arizona residents and communities. The Arizona Housing Finance Authority provided almost \$16 million in assistance to Arizona residents through its rural mortgage loan program. The Arizona Home Foreclosure Prevention Funding Corporation provided over \$42 million in statewide assistance through its homeowner foreclosure assistance program, Save Our Home AZ. Together these resources assisted over 95,000 Arizona households in all 15 counties.

The agency continues to work with major lenders to gain support and participation in its federally funded foreclosure prevention program, Save Our Home AZ. In FY2013 we made several proactive modifications to the program including the addition of the HARP 2.0/Principal Reduction component. This component, which applies principal reductions to homeowners with negative equity, became available in July 2012. This change, along with others has allowed us to assist an increasing number of homeowners throughout the state.

The need for affordable housing remains at a premium. The agency, through the Low-Income Housing Tax Credit (LIHTC) program continues to work to meet the demand for more affordable housing, especially transit oriented/location efficient communities.

With the help of our housing partners, there are now 19 different affordable housing complexes within walking distance of the Valley Metro Light Rail. Just four years ago there were none. Thanks to the LIHTC program, today Arizona residents are now able to discover that they can truly find affordable housing in addition to cutting their commuting costs.

Despite these improvements our work is far from over. Nearly one in every four Arizona homeowners is still underwater. And while we can now proudly declare that we have put an end to chronic homelessness among veterans in Maricopa County, even one person without a place to call home or a roof over their head is still one too many.

As 2013 comes to a close the agency remains committed to providing programs and critical resources to the most vulnerable populations of the state. From our work to provide safe and affordable housing, assistance to help aid the homeless and special needs populations, or our ongoing efforts to prevent Arizonans from losing their homes, the agency remains fully committed to finding responsible and reasonable solutions to address the housing needs of our state.

It is our pleasure to have the opportunity to highlight and share with you our accomplishments in the Fiscal Year 2013 Annual Report. This report illustrates the outstanding work that the Arizona Department of Housing, the Arizona Housing Finance Authority, and the Arizona Home Foreclosure Prevention Funding Corporation continue to accomplish for the citizens of Arizona during the Brewer Administration.

Atrical mie

Arizona Department of Housing, Arizona Housing Finance Authority and Arizona Home Foreclosure Prevention Funding Corporation Achievements

As a state agency, it is our ongoing responsibility to help keep Arizona state government open, transparent, and accountable. In keeping with these goals, our annual report provides a comprehensive look at how exactly our federal tax dollars are flowing back to the state and being put to work.

The Arizona Department of Housing proudly celebrated its 10 year anniversary as a standalone agency on October 1, 2012. Together with the the Arizona Housing Finance Authority (AzHFA), and the Arizona Housing Foreclosure Prevention Funding Corporation (AHFPFC), the agency provides programs and critical resources to the most vulnerable populations of the state while serving as a driver for economic development and leveraging private capital.

Whether it is through our work to provide safe and affordable housing, assistance to help aid our homeless and special needs populations, or our ongoing efforts to prevent Arizonans from losing their homes, we remain committed to finding responsible and reasonable solutions to address the housing needs of our state.

In FY2013, ADOH, AzHFA, and AHFPFC made combined commitments of over \$164 million in state and federal assistance to support housing and community development activities throughout the state. Additionally, through the federally funded Save Our Home AZ program, over 1,230 families were able to avoid foreclosure. Together, all our resources were able to assist over 95,000 Arizonans, most of which are low income, providing some type of housing assistance.

DURING FY 2013

Arizona Department of Housing (ADOH)

Arizona Housing Finance Authority (AzHFA)

Arizona Home Foreclosure Prevention Funding Corporation (AHFPFC)

made commitments of **\$164 million** in state and federal assistance

> families were able to avoid foreclosure

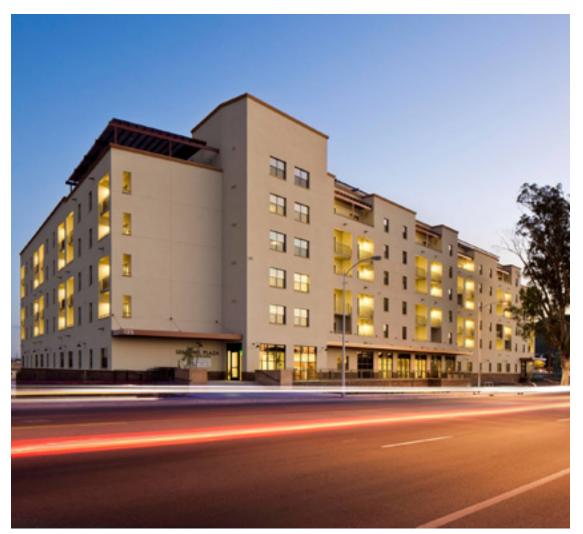

Rental Programs

The availability of affordable housing remains a necessity for economic development in the state. During FY2013, the agency committed \$29,680,736 in financing to support 400 affordable rental units. Financing was obtained by housing developers to support various affordable housing projects across Arizona. Generally, these projects are required to guarantee 20-30 years of affordability in exchange for public financing at favorable terms.

- \$3 million or 10 percent of the financing will go toward the construction of 35 new units, which make up about 9 percent of the total number of units assisted. These units will remain affordable to low-income households for the next 30 years.
- Over \$26 million or 90 percent of the financing will be used to assist 365 units (91 percent) through acquisition and rehabilitation of existing structures throughout the state. This financing has been critical in eradicating and transforming blighted neighborhoods and extending the life of affordable rental units.

Rental units were funded through a number of funding sources, including the Arizona Housing Trust Fund (HTF), the Federal HOME Investment Partnership Program (HOME), the federal Low-Income Housing Tax Credit (LIHTC) program, and other federal stimulus dollars.

A full breakdown of the funding invested is located in the tables at the end of this report.

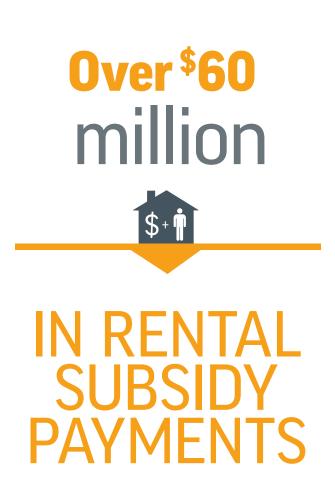

\$26 MILLION used to assist 365 UNITS THROUGH ACQUISITION AND REHABILITATION

\$3 MILLION used toward the construction of **35** UNITS of new construction.

Rent Subsidies

In FY2013, the agency administered over \$60 million in rental subsidy payments, assisting over 10,000 extremely low-income Arizonans with their monthly rent. Among those assisted were very low-income seniors, formerly homeless individuals, the seriously mentally ill, households living with HIV/AIDS, and other special needs groups. 100 percent of the rental subsidy dollars administered consisted of federal dollars. Generally, when households are assisted with public monies to assist with their rent, they are expected to contribute 30 percent of their income with the subsidy covering the difference between what the household can afford and a reasonable modest rent payment.

FY2013 OVER 10,000 LOW-INCOME ARIZONANS WERE ASSISTED WITH THEIR MONTHLY RENT

Homeownership Assistance

In FY2013, over 130 individuals became homeowners by utilizing the Arizona Housing Finance Authority's Single Family Loan Program.

Housing Rehabilitation and Repair Programs

Over \$6.7 million in federal funding was spent on housing rehabilitation programs this year. Given the state of the housing market, these limited funds were critical in providing assistance and to help extend the life of affordable homes as well as ensure safe, decent living environments for some of Arizona's poorest homeowners. Most assisted homeowners are low income, elderly, and living on fixed incomes which makes this funding for basic repairs essential. Even with a decrease in resources, the agency was able to provide assistance to 259 homes, providing valuable resources for individuals needing repairs to their properties.

Community Development Block Grant Funds may be utilized to complete major repairs or simply to address emergency situations; HOME funds require major rehabilitation of each home touched.

\$6.7 MILLION IN FEDERAL FUNDING

WAS SPENT ON HOUSING REHABILITATION PROGRAMS THIS YEAR

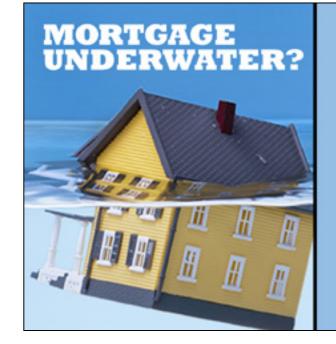

Foreclosure Prevention

In 2008, Arizona was at the forefront of the U.S. housing crisis with home prices falling 55 percent between 2005 and 2011. Today, the US housing market is in recovery and Arizona is leading the way. Foreclosures within the state are now finally back to normal levels.

In FY2013, the agency was able to assist over 1,200 families avoid foreclosure and stay in their homes. Over \$42 million in program assistance was committed to assist these homeowners through the Save Our Home AZ program funded by the United States Department of the Treasury.

Additionally, our foreclosure hotline assisted over 10,500 households with over 2,700 of those callers receiving extensive counseling services. Foreclosure counselors provide valuable information for homeowners seeking information on foreclosure prevention. Many of the callers are assessed over the phone and directed to pursue assistance through the agency's foreclosure prevention program, Save Our Home AZ.

Save Our Home AZ was created to assist homeowners avoid foreclosure on their primary residence. The program provides assistance in the form of Principal Reduction Mortgage Modification, Unemployment/Underemployment Mortgage Assistance, Second Lien Elimination and Short Sale Assistance. In **FY2013**, the agency was able to assist over **1,200** families avoid foreclosure and stay in their homes.

Homeowners who played by the rules have a lifeline.

Visit AZHousing.gov or call 1-877-448-1211

Homeless Prevention Program

Due to budget restraints at both the state and federal levels of government, funding continues to be limited for critical programs like homeless prevention. In FY2013, Homeless Prevention Programs received over \$410,000 from federal stimulus dollars under the Homeless Prevention and Rapid Re-Housing Program (HPRP) that went to assisting 160 households for rental assistance. These programs continued to play an essential role in addressing the economic woes experienced by many low-income families in Arizona as well as those experiencing temporary setbacks with unemployment and underemployment.

Emergency operating funds for shelters and service dollars for supportive housing programs

The agency continues to field numerous requests for emergency operating funds in order for homeless shelters to keep their doors open due to budget shortfalls. This includes assisting shelters during the cold winter months in northern Arizona or keeping overflow shelters open in Phoenix during the hot summer months. The agency remains committed to providing assistance to these essential programs and in FY2013 was able to commit over \$1.5 million in resources through state and federal funding.

\$410,000 to assist over 160 households from becoming homeless

Photo taken by Jason Grubb, Camerawerks

Other Housing Activities

Every year the agency funds a number of housing related activities that do not directly fall into any of the categories already mentioned in this annual report. In FY2013, the agency provided over \$1.3 million for such activities including:

- In October 2012, the agency sponsored its annual Housing Forum held in Tucson where 25 states were represented by over 300 attendees. The Housing Forum is the only statewide housing conference in Arizona and it has become a venue for elected officials, policymakers, industry professionals, advocates, and community leaders from across the state and nation to address the significant challenges facing Arizona's housing market.
- Administration funding for local governments and nonprofits operating housing programs through subcontract with the agency were provided. The assistance supported numerous local housing positions around the state, administering day-to-day activities related to housing rehabilitation programs, homeless prevention programs, rental assistance, and more.
- The agency continued to support a free online web-based search engine, where low-income households looking for available, affordable rental units would be able to find vacant, immediately available units statewide. This service provides a way for the public to search for affordable units by location, size, rent amount, and amenities.

Community Development Activities

The agency has administered over \$8 million that provided infrastructure development, public works projects, emergency equipment needs, social service funding, and a number of other community development related activities to over 67,000 individuals.

68 newly installed solar panels at Somerton's Water Treatment Facility. Each night the panels go into sleep mode which causes them to turn upside down, allowing for any dust or dirt to drop off. This reduces how often the panels must be cleaned and increases the amount of electricity that can be generated each day.

ARIZONA DEPARTMENT OF HOUSING

Michael Trailor

Director

1110 W. Washington, Suite 310 Phoenix, Arizona 85007 Main 602-771-1000 TTY 602-771-1001 FAX 602-771-1002

www.azhousing.gov

Title II of the Americans with Disabilities Act prohibits discrimination on the basis of disability in the programs of a public agency. Individuals with disabilities who need the information contained in this publication in an alternative format may contact the Arizona Department of Housing at (602) 771-1000 or our TTY number (602) 771-1001 to make their needs known. Requests should be made as soon as possible to allow sufficient time to arrange for the accommodation.

ARIZONA HOUSING FINANCE AUTHORITY

The Arizona Housing Finance Authority (AzHFA) was created in 2002 to provide the state of Arizona with a housing bonding authority dedicated to serving the 13 rural counties of the state

CHAIRPERSON VICE CHAIRPERSON SECRETARY TREASURER Robert Gardiner Manuel T. Gonzalez Paul C. DeSanctis Randall Pullen John Sundt, Rusing Zeek Ojeh

Northern Trust NA Pinal County Arizona Lending Specialists, LLC Oasis Partners, LLC Rusing, Lopez & Lizardi Cartwright School District

ARIZONA HOUSING COMMISSION

The Arizona Housing Commission was created to serve as an advisory body to the Governor and to the Arizona Department of Housing. The Commission is comprised of 24 representitives from private industry, community-based nonprofit housing organizations, and state, local and tribal governments.
