As part of its annual planning process in 2014, the Ohio Housing Finance Agency (OHFA) developed five strategic priorities that provide a framework for OHFA's ongoing performance management efforts in fiscal years 2015 to 2017. One of these priorities is to:

### *Strengthen OHFA's Workforce Culture*

*People are an organization's most important asset. An organization's people define its character, affect its capacity to perform and represent the knowledge base of the organization. Accordingly, OHFA cultivates a supportive and respectful organizational culture where engaged employees embrace their responsibility to the public and to each other and are recognized and rewarded for their talent, performance and capabilities. By strengthening OHFA's culture, OHFA employees will thrive and stakeholders will receive distinguished and cost effective services.*

Many experts have observed and documented a direct correlation between a healthy workplace culture and the success of an organization. Therefore, in order to implement OHFA's strategic priority, effective July 1, 2014, four initiatives were developed and supported by activities that reinforce OHFA's workforce culture and are evaluated via the 2015 quarterly performance dashboard.

#### **Initiative 1. Offer a rewarding work environment that inspires and engages employees in achieving the mission.**

OHFA will provide training and tools to managers and supervisors that emphasize concepts leading to employee engagement, recognize employees for their talent, performance and capabilities and connect each employee to his or her role in supporting the Agency's mission.

- Supervisors will participate in the *Lead Ohio* training offered by the Ohio Department of Administrative Services beginning May 2015. *Lead Ohio* is a Supervisor Training Program for supervisors employed by the state of Ohio. The curriculum includes:
  - Dominance/Influence/Steadiness/ Conscientiousness (DISC)
  - The role of a supervisor
  - Labor management
  - Goal setting
  - Coaching
  - Performance review
  - Powerful presentations
  - Communicating for results
  - Appreciating diversity
- A reference guide will be developed for supervisors and managers that includes the background of Agency policies and reviews staff engagement concepts.
- Discussion of Agency issues will be promoted among managers. Opportunities include a monthly forum for managers to discuss common interests and concerns started in February 2015 and a monthly outing for managers, *OHFA Out to Lunch*, started in September 2014.

- *Kudos* was launched in October 2014 and promotes peer-to-peer recognition via the OHFA Intranet. Any OHFA employee can give “kudos” to fellow employees for a job well done. Recipients are also given a certificate to commemorate their recognition.
- *Donuts with Doug* was launched in October 2014 as a vehicle for employees to provide feedback and express concerns directly to the Agency’s executive director in a casual setting. This popular event occurs on a monthly basis.
- OHFA launched a new onboarding program in the spring of 2014 emphasizing the role of the new hire in achieving OHFA’s mission.

## **Initiative 2. Maximize employee potential through development and training.**

OHFA recognizes the importance of creating opportunities for employees to excel and build new capabilities and will provide training and development alternatives tailored to the needs of staff.

- Survey managers to identify needs for soft skills and technical training in all offices.
- Provide opportunities for employees to build leadership capabilities and professional knowledge, such as Lead Ohio and the National Development Council’s (NDC) Housing Development Finance Professional Certification course. OHFA encourages employees to take advantage of these state-funded programs. Employees will be able to enroll in Lead Ohio, OHFA provided funding for employees to participate in the National Development Council’s Housing Development Finance Professional Certification in Columbus starting in September 2014, and OHFA encourages employees to use the state-funded development programs.
- Encourage each employee to complete an Individual Development Plan which will help the employee identify competencies and develop a strategy to build the skills necessary to advance his or her career.
- Compile a Skills Bank which will help the Office of Human Resources tap employee knowledge, strengthen the internal talent pool and plan position successions.

## **Initiative 3. Optimize work performance to deliver a high level of customer service and requested business results.**

OHFA will continue to provide managers with tools to set goals aligned with the Agency’s mission and to support an employee’s development.

- All employees are given a formal evaluation each year and supervisors are given a performance review manual to assist in the process. During the evaluation, supervisors ensure that employee goals are aligned with the Agency’s overall mission.
- Employees are given continuous feedback regarding performance throughout the year, a practice which leads to employee engagement.

## **Initiative 4. Continue to build channels for the exchange of feedback and knowledge**

OHFA will create avenues for staff to celebrate achievements, voice concerns, and to learn about OHFA programs and activities.

- The internal Organizational and Cultural Leadership Committee (OCLC) meets on a regular basis and monitors, measures and evaluates factors that influence our work life experience.
- OHFA formed focus groups in September 2014 to follow up on comments made in the 2014 Engagement Survey.
- OHFA deployed an Engagement Survey in February 2015 conducted by Workplace Dynamics in order to compare its organization with similar organizations regionally and nationally.

## **Results**

The Strategic Priority Culture Initiative provides a framework for creating innovative programs and promoting a healthy and vibrant workplace culture. Many activities were developed based on comments made during the Annual Planning process and also incorporated the results of OHFA's 2014 Engagement Survey. Other activities emphasize OHFA's mission. The 2015 Engagement Survey was conducted by Workplace Dynamics seven months after activities connected with the Strategic Priority Initiative began. The results were grouped into six factors:

- Alignment
- Execution
- Connection
- My Work
- My Manager
- My Pay & Benefits

OHFA compared favorably to the State Government 2014 benchmark in all categories with the exception of My Pay & Benefits. OHFA's average score on the Connection and Alignment factors were 16 percent and 13 percent above the average score for the benchmark, respectively. These factors considered whether an employee is part of something meaningful and is enabled to work at his/her full potential and whether the Agency is going in the right direction. OHFA's Strategic Priority Initiative 1 included activities promoting these concepts. In addition, staff completing the survey rose to 88 percent, an increase of eight percent from the previous year.

During the 2015 survey, OHFA employees also responded to four open-ended questions. Comments received were grouped in themes. These themes were shared with all employees on OHFA's Intranet:

*We do....* Appreciate our peers and their work ethics, care for each other, communicate, enjoy our culture, feel like family, fulfill our mission with passion and interest, love our mission, put the needs of households/homebuyers we serve first and want to work for OHFA.

*We do not always...* Have management involvement with day-to-day work, have opportunities to innovate, look for ways to connect staff with upper/senior management, provide career paths, remove silos, retain valuable staff, reward and correct as expected, set goals for professional growth, share our values of trust, communication and respect.

Based on the results of the 2015 Engagement Survey, the Fiscal Year 2016 activities, which begin July 1, 2015, will be revised to incorporate the results of an evaluation of internal communications and discussion of ways to improve management involvement, visibility and connection with staff in the monthly forum for managers.

OHFA's Strategic Priority Culture Initiative and Workforce Plan received recognition from the Ohio Department of Administrative Services (DAS) Human Resources Division and it's been incorporated in the DAS Talent Management Strategy Guide for state agencies to follow when submitting their 2015 Workforce Plans. Making *Strengthen OHFA's Workforce Culture* a Strategic Priority ensures that OHFA will be a successful organization. This program is a low-cost, replicable strategy that provides a clear direction to achieving OHFA's mission.

## ***Fiscal Year 2015 Annual Plan***

The following strategic priorities were presented and adopted by OHFA's Board on Wednesday, June 18, 2014, and provide a framework for OHFA's ongoing performance management efforts in fiscal years 2015-2017. One-year goals and activities for fiscal year 2015 do not appear in order of importance and establish an approach for achieving near term outcomes.

### **Strategic Priorities**

#### **Sustain and Advance OHFA Through Its Core Programs**

The continued success of the First-Time Homebuyer and Housing Tax Credit programs will increase affordable housing opportunities in Ohio and sustain the Agency financially. Placing OHFA's core programs at the forefront of the Agency's long-term strategy reaffirms the importance of these programs to the purpose for which the Agency was created: financing housing opportunities for low- and moderate-income families and individuals.

#### **Demonstrate Impactful and Measurable Results**

The growing complexity of housing needs in Ohio requires strategies that focus on evidence-based housing solutions and evaluation of outcomes. OHFA will thoroughly evaluate and consider the costs and benefits before undertaking any new initiatives. OHFA's housing investments must provide measurable benefit by leveraging expertise and capital for maximum impact. Effective investments will drive economic growth while also providing housing opportunity for low- and moderate-income individuals and communities.

#### **Concentrate Efforts on the Highest Priority Housing Needs**

OHFA is accountable for identifying and addressing the housing needs of Ohioans. The Agency will offer cost effective products and services to address housing needs that market forces alone cannot or will not resolve. Consistent with its mission, OHFA will create and preserve affordable rental housing for low- and moderate-income families, assist persons with special needs, improve neighborhoods and communities, support homeownership, and generate positive economic impact.

#### **Act as an Entrepreneur in Advancing OHFA's Mission**

An entrepreneur embodies the following traits typically found in the private sector: manageable risk-taking, operational efficiency, organizational flexibility, resource leveraging and creation, partnership building, innovation, and an emphasis on performance. OHFA will incorporate the characteristics of an entrepreneur into strategies and actions that address the affordable housing needs of the state while consistently providing a high level of customer service and delivering requested business results.

#### **Strengthen OHFA's Workforce Culture**

People are an organization's most important asset. An organization's people define its character, affect its capacity to perform, and represent the knowledge base of the organization. Accordingly, OHFA cultivates a supportive and respectful organizational culture where engaged employees embrace their responsibility to the public and each other and are recognized and rewarded for their talent, performance and capabilities. By strengthening OHFA's culture, OHFA employees will thrive and stakeholders will receive distinguished and cost effective services.

## Strengthen OHFA's Workforce Culture

### Initiative 5.1

**Offer a rewarding work environment that inspires and engages employees in achieving the mission.**
