HOME’S IMPACT IN MISSOURI

For over 25 years, the HOME Investment Partnerships Program (HOME) has been one of the most effective, locally driven tools to help states and communities improve access to safe, decent, and affordable housing.

Why HOME Works

HOME is the only federal housing program exclusively focused on providing states and local communities with flexible financing to address their most pressing affordable housing needs.

- **Successful Track Record.** Since 1992, HOME has invested $34.5 billion to help build and preserve more than 1.6 million affordable homes and to provide direct rental assistance to more than 312,000 families. The HOME Coalition estimates that this investment has supported over 1.76 million jobs and generated $114.8 billion in local income.

- **Unmatched Flexibility and Local Control.** Communities decide how to best use HOME funds to address their unique housing needs and goes to support homeownership, rental housing construction and rehabilitation, and rental assistance.

- **Cost-Effective.** Every $1 of HOME leverages more than $4 in additional investments. To date, HOME has leveraged an additional $149 billion in public and private resources for a total investment of $184 billion.

- **Essential Gap Financing.** HOME is a source of gap financing for the Low-Income Housing Tax Credit and has been used to finance 549 LIHTC units in Missouri since 2010. HOME is also used to help build and preserve USDA rural housing units.

- **Targeted To Serve Those With The Greatest Needs.** By law, HOME is targeted exclusively to low-income families but often serves even more households including seniors, people with disabilities, families with children, veterans, and people experiencing homelessness.

- **Serves All Communities.** HOME is used in every congressional district and in rural, suburban, and urban communities alike.

### HOME in Missouri (1992-2018)*

- **$680 million** HOME funds invested
- **$3.62 billion** total leveraged investments
- **27,892** homes built or preserved
- **1,279** families received rental assistance
- **38,372** jobs supported
- **$2.49 billion** local income generated

*Calculated using HUD data and National Association of REALTORS and National Association of Home Builders formulas.
