# What We Already Know from the Research:

## What's Backfiring and Initial Recommendations for Action

*“That’s the part people don’t understand. No one is forcing you to live in one of the most expensive areas in the country. If you want cheap rent, go to South Carolina or somewhere else that’s dirt cheap. You don’t have to live here.”*

—Reader’s comment, *Southern California Public Radio*, 2015

*“If you cannot afford DC, there is a simple solution, it is called moving. ... No one is entitled to live here if they can’t afford to do it on their own dime.”*

—Reader’s comment, *Washington Post*, 2016

## The Crisis and Fatalism Backfire

So, you're saying we have to address poverty and change the housing market? Good luck! How can we ever hope to change issues this big?

“I also think that this discussion should not ignore that housing authorities and their voucher programs have done more to perpetuate poverty from one generation to the next. They have reversed the American Dream and should not be entrusted with the new tax dollars to administer their stupid and bureaucratic voucher program.”

—Reader's comment, *NPR*, 2016

"WE CAN'T JUST SETTLE FOR DOING SOME HOUSING, FINDING SOME JOBS, OR BUILDING SOME HUMAN SUPPORT SYSTEMS. WE MUST DO IT ALL, DECENT HOUSING IN DECENT NEIGHBORHOODS FOR EVERYONE."

- James Rouse

# OPPORTUNITY360: PATHWAYS

- Pathways are where the work towards building opportunity takes place. Every pathway connects to outcomes for people in communities. The Pathway index scores provided in the Opportunity360 Measurement Report describe the characteristics of communities and can point to possible places of intervention.

# OPPORTUNITY360: OUTCOMES

- Outcomes are the results of efforts undertaken within Opportunity Pathways. This the framework shows our multi-dimensional approach to measuring and describing opportunity.

# MEASURE

**Where Do You Get Your Data?**

# OPPORTUNITY360: TOOLS

## MEASURE

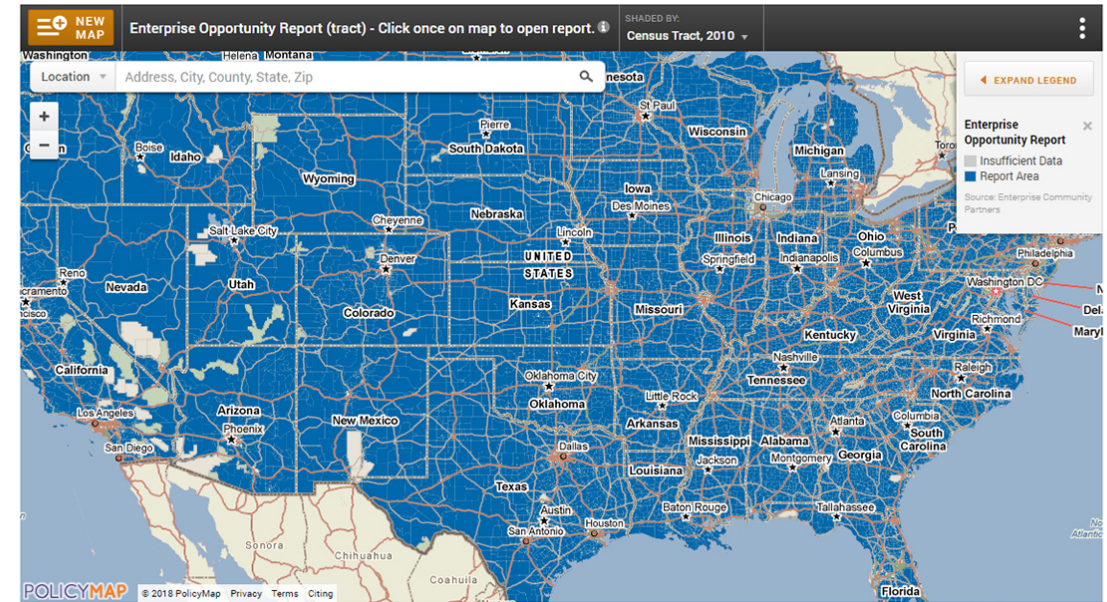

Find the **OPPORTUNITY360** Measurement Report and other tools centered on community-level data.

### Opportunity360 Measurement Report

Opportunity360 Measurement Reports provide the information necessary to determine where action is most needed and where established programs and policies have been most successful in any neighborhood in the country.

Ready to get started? Follow the directions below to create your report.

- Create a report for any neighborhood in the United States just by entering a location or address in the map below.
- Then click on the map and click again on "Get Enterprise Opportunity Report" in the pop-up.
- Use the "Download PDF" option to save a copy of the report.
- Use the "Add Data" feature on the map to see how outcomes and neighborhood characteristics vary across places.

## LISTEN

Coming Soon! An enhanced community engagement toolkit with over 60 resources.

The screenshot displays the 'Tool Profile' page for 'CommunityViz' on the Opportunity360 website. The page features a navigation bar with 'Enterprise' and 'OPPORTUNITY 360' logos, and menu items for 'ABOUT', 'TOOLS', 'RESOURCES', 'FAQ', and 'SUPPORT'. Below the navigation is a breadcrumb trail: 'COMMUNITY ENGAGEMENT TOOLKIT HOME | ADVANCED TOOL SEARCH | ABOUT THE TOOLKIT'. The main heading is 'Tool Profile'. The tool name 'CommunityViz' is prominently displayed, followed by a star icon and the text 'Best for evaluating and visualizing alternative land use scenarios in real time.' A 3D street view image shows a modern urban street with buildings, trees, and a car. To the right of the image, there is a 'WHERE TO FIND' section with a URL 'http://communityviz.city-explained.com/', a 'SHARE' section with icons for email, Facebook, Twitter, and LinkedIn, and a 'USE FOR' section listing: 'Data Management', 'Indicator Tracking', 'Scenario Planning', 'Spatial Analysis', 'Stakeholder Engagement', and 'Visualization'. At the bottom, there is a 'SKILLS AND CAPACITY NEEDED' section.

# PARTNER

**Who Is in It With You?**

# OPPORTUNITY360: TOOLS

## PARTNER

Find low and no cost partners in your neighborhood.

### PARTNER

Cross-sector and public-private partnerships are critical to expanding opportunity. They enable communities to leverage the collective expertise of partners, pool resources for greater impact, and identify solutions that meet shared priorities and goals.

Use the resources below to identify relevant cross-sector partners in your community, understand the kinds of services they offer and the types of collaborative efforts that can advance opportunity in your community.

#### Explore Program and Service Availability

Understanding the landscape of service providers is a key first step in identifying relevant partnerships that can help advance opportunity in a community.

- Enter a ZIP code in the search bar below to view detailed information about the free and low-cost programs and services available in the selected area.
- Click on a service category to explore more detailed service listings.

A screenshot of a web application interface. At the top, there is a blue navigation bar with several white icons: a briefcase, a fork and knife, a bus, a heart with a pulse line, a shopping cart, a group of people, a house, a camera, a graduation cap, and a briefcase. Below the navigation bar, the text reads "Find food, health, housing and employment programs in seconds." To the right of this text is a search bar with the placeholder text "Zip" and a blue "Search" button. At the bottom right of the interface, there is a small logo and the text "powered by Aunt Bertha".

# EVALUATE

**How Are You Telling Your Story?**

# OPPORTUNITY360: TOOLS

## EVALUATE

Tell the story and show the impact of your work in communities and neighborhoods.

### EVALUATE

#### Measuring What Matters

For far too long, community development organizations have measured their impacts in terms of their widgets or outputs, e.g., number of housing units built, number of commercial square feet created, number of small businesses created, etc. Opportunity 360 can add more substantive context to evaluate investments by examining the underlying conditions and community dynamics in the places where they are making investments. While not all of the changes in the community can be attributed to a single organization or actor, as cross-sector collaborations make concerted and aligned investments in places, over time, they can use the data in Opportunity360 to evaluate how those communities are changing.

Opportunity360 can help community organizations and investors:

- **Benchmark** neighborhood conditions at the time a community investment is made
- **Monitor** neighborhood conditions and dynamics over time
- **Make the case** for a comprehensive investment strategy that is cross-sector in orientation
- **Align** investments with organizational strategy through portfolio assessments
- **Monitor** community investment portfolios over time

See examples of how community organizations and investors are applying a comprehensive opportunity framework to their work:
